

Day You Stop Loving Me

Charley Pride

The world will tumble from its axes the sun will be covered by
the sea
The moon will burn and turn to ashes the day you stop loving me
You gave me love and with your giving you opened my eyes and ma
de them see
My life will cease to be worth living the day you stop loving m
e

Once there was only the beginning nothing but darkness over lan
d and sea
My life would be like the beginning the day you stop loving me
You gave me love and with your giving you made me the man I was
born to be
My life will cease to be worth living the day you stop loving m
e
The day you stop loving me
