

# I've Been There

Charley Pride

In a room with the world so far away, I've been there  
In a heart where no one could take my place, I've been there  
There's a love you only find once in a lifetime  
Oh, I've been there  
In a fool issue I've walked away, I've been there  
In a mirror I've seen how a heart could break, I'm in there  
If I never have another chance at heaven  
Oh, I've been there

I've been there, I've tasted it  
I've been there and wasted it  
Cause when I had it all, I didn't care  
Oh, I love her and I always will  
And I know how it feels to go through hell  
Since she left, oh, I've been there

In a crowd talking to an empty glass, I've been there  
On my knees praying she'll take me back, I've been there  
And I know how far she'll take him in her arms tonight  
Lord, I've been there

I've been there, I've tasted it  
I've been there and wasted it  
Cause when I had it all, I didn't care  
Oh, I love her and I always will  
And I know how it feels to go through hell  
Since she left, oh, I've been there  
I've been there
