

# Miracles, Music And My Wife

Charley Pride

What a woman my wife when I outlook on life  
She's happy just living in my world  
My wife said she'd deliver but the good Lord would give her  
A boy to make his daddy proud.

A bundle of blue just ten minutes new  
It's a boy that looks just like his daddy  
The heavens above have rewarded the love  
Of a couple that live in a shanty.

Miracles music and my wife  
Are the riches that God gave this man  
Miracles music and my wife  
And three acres to raise what I can.

No money can buy my baby boy's cried  
We're poor folks but not for today  
My wife said she knew what would miracles do  
For a family on sharecropper's pay?

Miracles music and my wife  
Are the riches that God gave this man  
Miracles music and my wife  
And three acres to raise what I can.

Yes, three acres to raise what I can...
