

There Ain't No Me (If There Ain't No You)

Charley Pride

Oh there ain't no green where there ain't no sun
There ain't no heart that don't need someone
There ain't no sea where there ain't no blue
And there ain't no me if there ain't no you

I need your arms around me when I go to sleep at night
Like a flower needs the sunshine to bring it back to life
And if I should lose you darlin' I don't know what I'd do
I'd never make it without you

Oh there ain't no green where there ain't no sun
There ain't no heart that don't need someone
There ain't no sea where there ain't no blue
And there ain't no me if there ain't no you

You keep my world a turnin' when everything goes wrong
You keep the fires burnin' that keep me holdin' on
You are the rock I cling to your the air I breathe if there ain
't no you
There ain't no me

There ain't no green where there ain't no sun
There ain't no heart that don't need someone
There ain't no sea where there ain't no blue
And there ain't no me if there ain't no you

Oh there ain't no green where there ain't no sun
There ain't no heart that don't need someone
