

OK OK OK OK OK

Here we go ha

When I'm in the club, yeah I'm bumping that

When I'm at the house, yeah I'm bumping that

365 party girl, bumping that

Shall we do a little key? Shall we have a little line?

Wanna go real wild when I'm bumping that

Meet me in the bathroom if you're bumping that

365 party girl, bumping that

French manicure, wipe away the residue

Push my hair back, look hot when I'm bumping that

No, I really don't stop when I'm bumping that

Gonna jump when it drops, when I'm bumping that

Dial 999, it's a good time

Who the fuck are you? I'm a brat when I'm bumping that

Now I wanna hear my track, are you bumping that?

Till the windows crack, I'll be bumping that

No, I'll never go home, don't sleep, don't eat, just do it on repeat, keep bumping that

When I'm in the club, yeah I'm bumping that
