Charli XCX

Ha ha ha ha  
Light trips  
Sweat drips  
Come party in my basement  
Man, I'm gonna get you wasted  
Just enough for you to taste it

Cash this, get rich  
Fill it 'till ya famous  
Party in my basement  
Just enough for you to taste it

Atomic  
Come on people let me through  
Atomic  
Making ways across the room  
Atomic  
I got nothing left to lose  
Atomic  
I'm dropping bombs on you

Night shift, killed it  
You won't need no replacement  
I'm gonna make a statement  
Cause I wanna watch you chase it

Cash flow, down low  
Money just like chocolate  
I'm gonna make you famous  
Come party in my basement

Atomic  
Come on people let me through  
Atomic  
Making ways across the room  
Atomic  
I got nothing left to lose  
Atomic  
I'm dropping bombs on you

Can I get you supersized?  
Can't you see it in my eyes?  
You know I want it that I'm flashing out my downer side  
Can I get you supersized?  
Can't you see it in my eyes?  
You know I want it bad I'm flashing out my dollar signs

Come party in my basement  
Come party in my basement  
Atomic  
Come party in my basement

Atomic  
Come on people let me through  
Atomic  
Making ways across the room  
Atomic

I got nothing left to lose  
Atomic  
I'm dropping bombs on you
