You're the only one that I will ever need (yeah)
When I'm with you, it feels like a fantasy (uh-huh)
You never bring me down, down, down (no, you never)
'Cause we just wanna bounce, bounce, bounce
We can heat it up to one hundred degrees (so hot)
When you kiss me I'm up just like ecstasy (mwah, mwah)
You never bring me down, down, down (no, you never)
'Cause we just wanna, dance

Dance, dance, dance...

If you're in Paris
If you're in London
