Baby what hurts the most is when you become so cold
You're starting to hurt my heart, you left me here in the dark
Now I got to make a change, I don't want to see your face
I'm starting to hurt your heart, hope you fall apart

We were on some Bonnie & Clyde shit
Kept the blunts rolled, always let you take the first hit
When the Feds caught us I said I would take the rap
Cause I knew it ain't easy livin' life in the trap
I was the Queen B, and you were like my Jay-Z
The only one who held me down when I was fucking crazy
Ivana and Trump, shit we coulda ran the world
You were my Chris Brown, I was your only girl
Let you put your feet up while I was cooking you breakfast
Thought I found my ride or die, but now I just regret shit
Log into your email cause I knew that shit was wrong
Pulling up a private photo of a bitch showing her thong
And I look a lil closer it's my home girl Lisa
Time to terminate shit, hasta la vista
Married to the mob so I put a hit on it
Handed you my heart, then you took a shit on it
That's fucked up

Baby what hurts the most is when you become so cold
You're starting to hurt my heart, you left me here in the dark
Now I got to make a change, I don't want to see your face
I'm starting to hurt your heart, hope you fall apart

Now I'm a fuck your shit up
Set fire to your pick-up
And drive it supersonic, crash and burn it with my sister
No I don't need a mister, cancel your babysitter
I'm never going down, it's easy to resist you

You broke my heart
And I'm never gon' forget this
You broke my heart
And now I'm coming back to get you, don't you know

Baby what hurts the most is when you become so cold
You're starting to hurt my heart, you left me here in the dark
Now I got to make a change, I don't want to see your face
I'm starting to hurt your heart, hope you fall apart

Baby what hurts the most is when you become so cold
You're starting to hurt my heart, you left me here in the dark
Now I got to make a change, I don't want to see your face
I'm starting to hurt your heart, hope you fall apart
