

# Femmebot

Charli XCX

(I'll be your femmebot  
I'll be your...)

Go fuck your prototype  
I'm an upgrade of your stereotype  
Don't come with a guarantee  
I'll use you up like you're my battery

I feel the sparks between us  
Electric shock  
Hot-wired, if you mess it up  
I'll self-destruct

The way you look at me  
I-I-I short circuit  
You make me lose control  
It's automatic  
You push my buttons  
See-e-e-e how I work it  
I-I-I-I get what I want  
Like it or not

I'll be your femmebot...  
I'll be your femmebot...  
I'll be your femmebot...  
I-I get what I want  
Like it or not

I got you hypnotized  
I read your thoughts when you look in my eyes  
You're just my human toy  
And I am programmed to search and destroy

I feel the sparks between us  
Electric shock  
Hot-wired, if you F it up (5, 4, 3)  
I'll self-destruct (2, 1)

The way you look at me  
I-I-I short circuit  
You make me lose control  
It's automatic  
You push my buttons  
See-e-e-e how I work it  
I-I-I-I get what I want  
Like it or not

The way you look at me  
I-I-I short circuit  
You make me lose control  
It's automatic  
You push my buttons  
See-e-e-e how I work it  
I-I-I-I get what I want  
Like it or not

I'll be your femmebot...

I'll be your femmebot...  
I'll be your femmebot...  
I-I get what I want  
Like it or not

Ghost in the shell  
I'm a beast in the sheets  
I'm a neutron bomb-bomb, blowin' the beat  
Gonna spray that ray, gonna fall to his knees  
I'm a lightning rod, I'ma bite that bod  
Do you want a femmebot or do you want a hoe-bot?  
Slutbot, fuck no, systems down  
Boy, I'll clone you, boy, I'll swerve you  
Glitch your mainframe, now I own you  
Ex Machina-na-na, you can't win  
I'm A.I., slut, I am that bitch  
Did you have a root open, drill into your...  
Oh, man, my bad  
Super Saiyan, supersonic  
Hard drive crash, you don't remember  
Charli, bitch, you ain't a singer

I'll be your femmebot  
Girl, I'll be your femmebot, can never turn me off  
I'll be, I'll be your femme..

The way you look at me  
I-I-I short circuit  
You make me lose control  
It's automatic  
You push my buttons  
See-e-e-e how I work it  
I-I-I-I get what I want  
Like it or not

I'll be your femmebot...  
I'll be your femmebot...  
I'll be your femmebot...  
I-I get what I want  
Like it or not
