

## Girl, so confusing

Charli XCX

Girl, it's so confusing sometimes to be a girl  
Girl, it's so confusing sometimes to be a girl  
Girl, how do you feel being a girl?  
How do you feel being a girl?  
Man, I don't know, I'm just a girl

Yeah, I don't know if you like me  
Sometimes I think you might hate me  
Sometimes I think I might hate you  
Maybe you just wanna be me  
You always say, "Let's go out!"  
So we go eat at a restaurant  
Sometimes it feels a bit awkward  
Coz we don't have much in common

People say we're alike  
They say we've got the same hair  
We talk about making music  
But I don't know if it's honest  
Can't tell if you wanna see me  
Falling over and failing  
And you can't tell what you're feeling  
I think I know how you feel

Girl, it's so confusing sometimes to be a girl  
Girl, it's so confusing sometimes to be a girl  
Girl, how do you feel being a girl?  
How do you feel being a girl?  
Man, I don't know, I'm just a girl

You're all about writing poems  
But I'm about throwing parties  
Think you should come to my party  
And put your hands up  
I think we're totally different  
But opposites do attract  
Maybe we're so meant to be  
Just you and me

Coz people say we're alike  
They say we've got the same hair  
One day we might make some music  
The Internet would go crazy  
But you might still wanna see me  
Falling over and failing  
At least we're closer to being  
On the same page

Girl, it's so confusing sometimes to be a girl

Girl, how do you feel being a girl?  
How do you feel being a girl?  
Man, I don't know, I'm just a girl
