

## Next Level Charli

Charli XCX

I go hard, I go fast  
And I never look back  
I go speeding on the highway  
Burn rubber, no crash  
Turn the volume up in the party  
Put your hands up and dance  
Bump bump, in the rave  
Go forever and ever

And bounce, never sleep  
Push it all on repeat  
I go speeding on the highway  
Flame burning, tire screams  
Turn the volume up in your bedroom  
Put your hands up and scream  
Bump bump, lights go out  
Go forever and ever

And drop body high  
Blue and pink like the sky  
I go speeding on the highway  
Vroom vrooming, might die  
Turn the volume up in your Prius  
Windows down and just vibe  
Bump bump, in the rave  
Go forever and ever

And roll with your friends out till 7AM  
Come and meet me on the highway  
Smoke blowing, let's race  
Turn the volume up on the speakers  
Got that look on your face  
Bump bump, in the rave  
Go forever and ever
