

Pink Diamond

Charli XCX

Yeah

Yeah, hahaha

I just wanna go real hard, I just wanna go real hard
Pink diamond in the dark, I just wanna go real hard
I just wanna go real hard
I just wanna go real hard, I just wanna go real hard
Pink diamond in the dark, I just wanna go real hard
I just wanna go real hard

I just wanna go real hard
Lip gloss on and I'm lookin' like a star
Got a tiny bag but I got a big heart
On the video chat, keep starin' at my bra
I'm feeling so fine, kinda feelin' like a snack
Gonna give you good views, watch me with the art
I'm really so rare, I'm sent from above
Wish you could come 'round, pick me up in your car, yeah

I just wanna go real hard, I just wanna go real hard
Pink diamond in the dark, I just wanna go real hard
I just wanna go real hard (Real hard)
I just wanna go real hard, I just wanna go real hard
Pink diamond in the dark, I just wanna go real hard
I just wanna go real hard

I just wanna go real hard for days (For days)
I just wanna feel in different ways (Ways)
Every single night kinda feels the same
I'm a pink diamond, I need space
I'm online and I'm feeling so glamorous (Uh)
Watch me shine for the boys and the cameras (Hey)
In real life, could the club even handle us? (Uh)
In real life, could the club even handle us?

I just wanna go real hard, I just wanna go real hard
Pink diamond in the dark, I just wanna go real hard
I just wanna go real hard (Real hard)
I just wanna go real hard, I just wanna go real hard
Pink diamond in the dark, I just wanna go real hard
I just wanna go real hard, yeah

Yeah, yeah, yeah, yeah

Yeah, yeah (Real-real hard, I just wanna go real-), yeah, yeah

Yeah, yeah (Real-real hard), yeah, yeah

Yeah

I just wanna go real hard, I just wanna go real hard
Pink diamond in the dark, I just wanna go real hard
I just wanna go real hard
I just wanna go real hard, I just wanna go real hard
Pink diamond in the dark, I just wanna go real hard
I just wanna go real hard, yeah
