

Shake It

Charli XCX

I shake it, I shake it, I shake it, ooh
I shake it, I shake it, I shake it, ooh
I shake it, I shake it all on you
I shake it, I shake it, I shake it, ooh

I shake it, I shake it, I shake it, ooh
I shake it, I shake it, I shake it, ooh
I shake it, I shake it all on you
I shake it, I shake it, I shake it, ooh

I shake it, I shake it, I shake it, ooh
I shake it, I shake it, I shake it, ooh
I shake it, I shake it all on you
I shake it, I shake it, I shake it, ooh

I shake it, I shake it, I shake it, ooh
I shake it, I shake it, I shake it, ooh
I shake it, I shake it all on you
I shake it, I shake it, I shake it, ooh

I shake it, I shake it, I shake it, ooh
I shake it, I shake it, I shake it, ooh
I shake it, I shake it all on you
I shake it, I shake it, I shake it, ooh

I shake it, I shake it, I shake it, ooh
I shake it, I shake it, I shake it, ooh
I shake it, I shake it all on you
I shake it, I

Work it
Oh it's a migraine
Make them pupils dilate
Wanna watch it gyrate
Ass is on a tirade
Make you pop a Tylenol
Split your head and call it off
Got you drinkin' water when you should be drinkin' alcohol
Faster than a Adderal
Make you shake your Audemars
Shake it, shake it, shake it
Make you spray it like an aerosol

(Shake it like a dog) I don't shake it like that, mmm
(Shake it like a dog) I don't shake it like that, uh
(Shake it like a dog) I don't shake it like that, hmm
(Shake it like a dog) I don't shake it like that, what?
I don't shake like anything, I shake it like myself
All this pussy on a pedestal, I put it on a shelf
I don't shake like anything, I shake it like myself
'Cause ain't no pussy shakin' like when Freedia lose her belt
Come on

Ooh, ah, shake it, shake it, shake it, shake it (Shake it)
Ooh, ah, shake it, baby, baby, baby, baby (Baby)
Ooh, ah, shake it, shake it, shake it, shake it (Shake it)
Shake it, shake it, shake it, shake it, baby, baby, baby

I shake it, I shake it, I shake it, ooh
I shake it, I shake it, I shake it, ooh
I shake it, I shake it all on you
I shake it, I shake it, I shake it, ooh

I shake it, I shake it, I shake it, ooh
I shake it, I shake it
It's CupcakKe on this track
In three, two, one, do it

I shake it like Jamaican
No birthday, but I'm cakin'
I shake it like I'm tryna get the oil off the bacon
If I need wakin', I'm alarm bells shakin'
This ass 'bout to move like I need the house vacant

Move, move, move and you know I won't stop
It's shakin' like I'm pulled over by a white cop
It's shakin' like a virgin 'bout to give up the box
Told 'em this ass a Miracle like my name Watts

I be purgin' shit
Never nervous, bitch
I get on top of that dick
Shake it like turbulence
You haven't heard from her since
I'm a different expense
And I just loosen these staples like a fuckin' office
Told 'em paddle, paddle, paddle
'Cause this pussy in Seattle
I'ma fight my own battles
Shake it harder than a rattle
He get in it, then he tackle
Wanna bite it like an apple
And this pussy so juicy
When I cum it's like a Snapple, hey

Motherfuckin' Candy, Charli XCX, Ms CupcakKe
Tell me what you want, tell me what you want, daddy
Little bit a sugar, little bit of Brook Candy
Cocaine color sheets when my ass boucin' (Bounce)
Turn your mansion to the pussy palace
Shakin' on you like my ass on the Richter scale
My pussy crucify your body, it's the Holy Grail
My pussy lean, I got you sippin' from the two-cup
I'm 'bout to shake my ass like I'm in the strip club
Hey, my ass is Magic City
Double Ds, all-natural big titties
Shake it like a a box-fresh vibrator
Ass first-class, fast like Concorde
Damn, my ass so insane
Put me in a straight-jacket, still you ain't safe
You can't handle all the jelly, put in on a plate
I'm 'bout to shake and leave you shook like Beyoncé

Shake it, I shake it, I sh-
Shake it, I shake it, I sh- (Oh, darling)
I shake it (You say you don't know me)
I sh-, I shake it (Please)
I shake it, I sh- I shake it

Pra tu pensares direito, eu soletro pra você

Rainha se escreve com dois L e dois T
Como um estagiário num trabalho, eu tô sem tempo
Se tenho um problema, eu resolvo com talento

Dedinho na boca, sou uma tentação
A pista pega fogo derretendo o paredão
Já sei que eu sou queen, falo sério pra vocês
A coroa é pesada mas eu me acostumei

I shake it, I shake it, meu popozão
I shake it, I shake it, aguenta essa pressão
Doeu e I shake it in LA
E a Pabllo e a Charli mais uma vez

I shake it, I shake it, I shake it, ooh
I shake it, I shake it, I shake it, ooh
I shake it, I shake it all on you
I shake it, I shake it, I shake it, ooh

I shake it, I shake it, I shake it, ooh
I shake it, I shake it, I shake it, ooh (I love you Charli, baby)
I shake it, I shake it all on you
I shake it, I shake
