

## PlantedInMyMind.Memo

Charlie Burg

Saying things I don't believe  
And your love casts its shadow on the things I do  
And I can hear so clearly all the words I'd wish I'd said  
You're stuck in my head  
But I only think of you  
Will we be together soon?  
I'm thrown to the wayside  
You're planted it in my mind  
But I don't wanna be okay without you
