

## Saturday Hymnal / Bad Dreams

Charlie Burg

You ain't gotta lie, love  
When you tell me something  
Just ain't feeling right  
Maybe in the middle  
We can meet and only if it's not right  
Alright

If you wanted you could tell me what you're thinkin bout  
You're taking your time  
Should I wait in line for you?  
If you wanted you could tell me what you're thinking now  
What's on your mind baby?  
She said "just ask me"

See you in this blue light  
Only after midnight  
This fever grows  
Helplessly I reach for you  
Of this love someone warned you  
Still you know that my  
Heart is yours  
And only yours baby

If you wanted you could tell me what you're thinkin bout  
You're taking your time  
Should I wait in line for you?  
If you wanted you could tell me what you're thinking now  
What's on your mind baby?

When I tell you that I love you  
Wouldn't've said it to anybody  
We make choices out of our pain  
It's never good  
I never should

Yeah I know baby I fucked up  
And I'm struggling to forgive myself  
And I just want you to know that  
I've always wanted same thing I've wanted  
It's you  
That'll never change

Bad Dreams

When I woke up  
I remembered nothing but bad dreams  
That had me feeling something like lust  
Now I must speak my truth  
That's when you come to me  
With things you want changed  
But I learned nothing stays the same

And when I'm with you girl  
Nothing in this whole damn fucked up world  
Could change my view  
Cause I don't wanna roll without you  
And when I'm with you girl

Nothing that you did that made me hurt  
Could change my view about you  
Cause I'll always love you
