

Bogged Down In Love With You

The Charlie Daniels Band

I don't mind you gettin' in my face
I don't mind you gettin' on my case
'Cause I know how to put you in your place

It don't matter if we disagree
'Cause I'm as stubborn as a man can be
One of these days you're gonna marry me

'Cause I'm a fast-talkin', slow-walkin' man with a plan
And I plan on gettin' what I want

I've been lookin' for a lady
I think I know one when I see one
I think, baby, you might be one
And I'm heart bound, turned around
Bogged down in love with you

I don't care if all our money gets spent
Don't even care if we ain't got a cent
Long as you love me, I will be content

It don't matter if you put me down
It don't matter if you fuss and frown
Just as long as you ain't runnin' around

'Cause I'm a fast-talkin', slow-walkin' son of a gun
And I end up gettin' what I want

I've been lookin' for a lady
I think I know one when I see one
I think, baby, you might be one
And I'm heart bound, turned around
Bogged down in love with you

I don't mind it if you put me down
I don't mind it if you fuss and frown
Don't even mind it if we disagree
Just as long as you will marry me

I'm a hard-walkin', slow-talkin' son of a gun
I end up gettin' what I want

I've been lookin' for a lady
I think I know one when I see one
I think, baby, you might be one
Yeah, I think, baby, you might be one

I've been lookin' for a lady
I think I know one when I see one
I think, baby, you might be one
Yeah, I think, baby, you might be one

Oh, 'cause I'm heart bound, turned around
Heart bound, turned around
Heart bound, turned around
Bogged down in love with you
Bogged down in love with you
