

Guilty

The Charlie Daniels Band

I confess I'm not an easy man to live with
And I'll admit that I don't listen well sometimes
And I'm so sorry for all the pain I've put you through
But I'm guilty most of all for loving you

It's my fault if I can't say the things I'm feeling
Please forgive me if the words come out all wrong
I'll take the blame for all the times I've made you blue
Oh, but I'm guilty most of all for loving you

If being crazy about you is my crime
Just sentence me to forever, I'll gladly do my time
And I stand convicted of all the things I didn't do
And I'm guilty most of all for loving you

Just sentence me to forever, I'll gladly do my time
And I stand convicted of all the things I didn't do
And I'm guilty most of all for loving you

Yes, I'm guilty most of all for loving you

That's how I feel about you, darling
