

Saturday Night In Abeline

The Charlie Daniels Band

I been three months eatin' that trail dust and sleepin' out on
the ground
In the burning sun and the cold cold moon with nothin' but stars
around
But this drive is finally over we done made it to the Kansas line
I got my pay and I'm on my way this cowboy's feelin' fine

Cause tonight's the night we're gonna have some fun
The trains are loaded and the work's all done
My spurs are jinglin' my boots are clean
And it's Saturday night in Abilene Saturday night in Abilene

I'm gonna kick up both of my boot heels until my feet get sore
Them Kansas gals don't stand a chance when I'm dancin' out on the floor
Well you know we're tired of waiting until the sun goes down
There ain't no doubt you better look out the J-Bar Z's in town

Cause tonight's the night we're gonna have some fun
The trains are leaving and the work's all done
I got a little money down in my jeans
And it's Saturday night in Abilene Saturday night in Abilene

It's a long way back to Texas and all of my friends are there
But I'll worry bout that on Monday right now I just don't care

Cause tonight's the night we're gonna have some fun
The trains are leaving and the work's all done
The king of the cowboys lookin' for a queen
Cause it's Saturday night in Abilene Saturday night in Abilene
Still got a little money down in my jeans and it's Saturday night in Abilene
