

# Last Fallen Hero

Charlie Daniels

**G G/F# Em**  
Oh the cowards came by morning  
**G G/F# Em**  
and attacked without a warning

**Am**  
Leaving flames and death and chaos in our streets  
**C B7 Em**  
In the middle of this fiery hell brave heroes fell  
**G G/F# Em G G/F# Em**  
In the skies of Pennsylvania on a plane bound for destruction

**Am**  
With the devil and his angels at the wheel  
**C B7**  
They never reached their target on the ground  
**Em**  
Brave heroes brought it down

**G C**  
This is a righteous cause so without doubt or pause  
**D G**  
I will do what my country asks of me  
**G C**  
Make any sacrifice, we'll pay whatever price  
**D G**  
So the children of tomorrow can be free  
**Em**  
Lead on red, white and blue  
**Bm C Cm**  
And we will follow you until we win the final victory  
**G C**  
God help us do our best we will not slack nor rest  
**D Em**  
Till the last fallen hero rests in peace  
**G G/F# Em G G/F# Em**  
Now the winds of war are blowing and thereâs no way of knowing  
**Am**  
Where this bloody path we're traveling will lead  
**C B7 Em**  
We must follow till the end, or face it all again  
**G G/F# Em G G/F# Em**  
And make no mistake about it, write it, sing it, preach it, shout it  
**Am**  
Across the mountains and the deserts and the seas  
**C B7 Em**  
The blood of innocence and shame, will not be shed in vain

**G C**  
God help us do our best we will not slack nor rest  
**D Em**  
Till the last fallen hero rests in peace
