

# Rock This Joint

Charlie Daniels

Some people call it rock, some people call it roll  
Some people call it boogie, some people call it soul  
You can call it what you want, but it don't mean a thing  
When the drummer starts a-cooking and the band begins to swing

We're gonna rock this joint  
We're gonna rock this joint tonight  
We're gonna burn up the floor and then we'll do it some more  
We're gonna rock this joint tonight  
We're gonna rock this joint  
We're gonna push it till it's clean out of sight  
Me and the boys are gonna make a little noise  
We're gonna rock this joint tonight

We're gonna turn up the music and turn down the lights  
Like we do it down in Dixie on a Saturday night  
Open up the windows and turn up the heat  
With a boggie woogie rockin' rollin' country kinda beat

We're gonna rock this joint  
We're gonna rock this joint tonight  
We're gonna burn up the floor and then we'll do it some more  
We're gonna rock this joint tonight  
We're gonna rock this joint  
We're gonna push it till it's clean out of sight  
Me and the boys are gonna make a little noise  
We're gonna rock this joint tonight

We're gonna rock it to the limit gonna roll it right up to the wall  
We're gonna get up get down and have ourselves a natural ball y a'll

So let's get jiggy with it that's all right  
Grab somebody and hold on tight  
Fasten your seat belt we're going for a ride  
And if you ain't set to boogie then you'd better run and hide

We're gonna rock this joint  
We're gonna rock this joint tonight  
We're gonna burn up the floor and then we'll do it some more  
We're gonna rock this joint tonight  
We're gonna rock this joint  
We're gonna push it till it's clean out of sight  
Me and the boys are gonna make a little noise  
We're gonna rock this joint tonight
