## This Ain't No Rag, It's a Flag

## **Charlie Daniels**

This ain't no rag it's a flag And we don't wear it on our heads It's a symbol of the land where the good guys live Are you listening to what I said You're a coward and a fool And you broke all of the rules And you wounded our American pride

And now we're coming with a gun And we know you're gonna run But you can't find no place to hide We're gonna hunt you down like a mad dog hound Make you pay for the live you stole We're all through talking and a messing around And now it's time to rock and roll

These colors don't run and we're speaking as one When we say united we stand When you mess with one, you mess with us all Every boy, girl, woman and man You've been acting mighty rash And talking that trash Let me give you some advice You can crawl back in your hole Like a dirty little mole

But now you're gonna pay the price You might of shot us in the back Now you have to face the fact That the big boys' in the game And the lighening's been flashing And the thunder's been crashing And now it's getting ready to rain

This is the United States of America The land of the brave and the free We believe in God and we believe in justice We believe in liberty You've been pulling our chain We should've done something 'bout you a long time ago But now the flag's flying high and the fur's gonna fly And soon the whole world's gonna know

This ain't no rag, it's a flag Old Glory red, white and blue The stars and the stripes when it comes to a fight We can do what we have to do Our people stand proud The American crowd is faithful, loyal and tough We're good as the best and better than the rest And you're gonna find out soon enough When you look up in the sky And you see the eagle fly You better know he's a heading your way Cause this ain't no rag it's a flag And it stands for the USA USA USA This is the United States of America The land of the brave and the free We believe in God and we believe in justice We believe in liberty You've been pulling our chain We should've done something 'bout you a long time ago But now the flag's flying high and the fur's gonna fly And soon the whole world's gonna know

USA
