

# Holy Heart

Charlie Hall

Oh my heart longs to be purified; oh my heart longs to be refined

Chorus:

A holy heart is what I long for, what I cry for, what I need

A heart that loves You, a heart that hears You, fears You

And sees You as You are

Search my heart, O God and see in me

All offenses, God, that there may be

(Cry it out now)

Refined in Your love, refined by Your blood

And the pure in heart will see You, will see You

(We're cryin' out now)

To gaze (look) upon You

Purifies me

So purify me, purify me...
