

## Ruby's Song

Charlie Louvin

Way out in the country where I used to live  
Lordy Lordy what I wouldn't give  
To turn back the time and be a boy again  
and see the sun come up every morning  
A quarter of a mile to the grocery store  
school bus came within a mile off my door

And here in distance of a cotton gin  
a thirty minute walk to Ruby  
Oh I'd walk it in the moonlight  
oh I'd walk it on the dark night  
Rain or shine this heart of mine  
craved Ruby's company  
Oh she could kiss me just right  
oh but I was a little too shy  
For I got the nerve to make my move  
Ruby got away from me

Oh I'd walk it in the moonlight
