Meet Me by the Backdoor

Charlie Mars

Give me give me some touch
Give me some violence
Oh give it to me, baby won't you give it to me?

I know you saw me across your picket fence
You've been wondering why ever since
You got so weak in the knees

Oh please, why do you make me wait so long?
When you know I got this monkey to please

Why don't you meet me by the backdoor?
(I could meet you yeah I could meet you)
I could meet you by the back door
Why don't you meet me by the backdoor?
(I could meet you, yeah I could meet you)

I got a little I could use a little more

My heart wants water Katie
But my head wants wine
Says oh give it to me
Katie won't you give it to me?

Oh please, why do you make me wait so long?
When you know I got this monkey to feed

Oh please, why do you make me wait so long?
When you know I got this monkey to please
You make me wait so long, when you know
I got this monkey to feed
