

Changes

Charlie Puth

Lately, there's been somethin' in the air
There's been a lot of smaller talks (Talkin' and talkin' and talk)
When we were younger, we would share our fears
Now, we're afraid of bein' mocked (Mockin' and mock)

I still can hear you through all of the silence
Do you need any help callin' like I did?

There's been some changes in our life, oh
I can feel the distance, space and time
Has made everything different, day and night, oh
Everything has changed and I don't know why

I used to hear your voice inside my head (Inside my head)
Now I forget what it sounds like (Likin' and likin' and like)
And all the things we used to leave unsaid (Leave unsaid)
I wish they were said in hindsight ('Sight and in hindsight)

I still can hear you through all of the silence (All the silence)
Do you need any help calling like I did? (Oh, like I did?)

There's been some changes in our life, oh

I can feel the distance, space and time
Has made everything different (Different), day and night (Oh)
Everything has changed and I don't know why

Maybe that's, mm, just the way it is
No matter how much you're missin' it
Sometimes the wind blows in different
New directions and lessons are happenin'
Maybe that's, mm, just the way it is
No matter how much you're missin' it
No love lost, I know it's innocent
It's what you make of it

There's been some changes (Changes) in our life, oh
I can feel the distance (Distance), space and time (Time)
Has made everything different (Different), day and night, oh
Everything has changed and (Changed and) I don't know why (Why)
There's been some changes (Changes) in our life, oh
I can feel the distance (Distance), space and time (Time)
Has made everything different (Different), day and night, oh
Everything has changed and (Changed and) I don't know why (Why)
