

## Life's Good

Charlie Puth

Have you ever felt like the world's not on your side?  
It feels almost easier to lock yourself away and hide

Good thing that you didn't give up on me, you helped me get up  
out my head  
So who knows where I'd be if you never said

If at first you don't succeed and you fall down to your knees  
Oh, you gotta pick yourself back up and try again  
If it don't go like it should, just remember life is good  
And you gotta pick yourself back up and try again

A thousand reasons made you fall  
It's only a passing season, y'all  
Why give up, let's give it up  
For every minute of your life  
Nothing's too late, it's a little delay  
When life is sour, I'll be your lemonade

Good thing that you didn't give up on me, you helped me get up  
out my head  
So who knows where I'd be if you never said

If at first you don't succeed and you fall down to your knees  
Oh, you gotta pick yourself back up and try again  
If it don't go like it should, just remember life is good  
And you gotta pick yourself back up and try again

Mama said don't give up  
You have already come so far  
Don't forget where you've come from  
Who you can be and who you are

If at first you don't succeed and you fall down to your knees  
Oh, you gotta pick yourself back up and try again  
If it don't go like it should, just remember life is good  
And you gotta pick yourself back up and try again
