

## Caught in the Middle

Charlie Rich

When first we met on that night  
some time ago I told my heart  
there stands a girl I want to know

But now I find just a little too late  
that I'm caught in the middle and  
my fate is to be just a lonely, lonely  
man.

You tried so hard to change and see  
the way I do but your but your flirty  
flirty ways just won't let go of you.

But now I find just a little too late  
that I'm caught in the middle and  
my fate is to be just a lonely, lonely  
man.

I wish I knew what's to become of you  
and me if only into the future I could see  
I think I'd find just a little too late that I'm  
caught in the middle and my fate is to be  
just a lonely, lonely man.

I'm sure I'd find just a little too late that I'm  
caught in the middle and my fate is to be just  
a lonely, lonely man.

(Instrumental)
