

## Just A Little Bit Of Time

Charlie Rich

Time on my hands  
You here with me  
What more can any man want than  
A little time on his hands?  
No need to worry  
Ain't in no hurry  
What more can any man want than  
A little time on his hands?

Just a little bit of time  
With a pretty little girl like you  
Just a little bit of time  
A little bit of time with nothin' to do  
But to love you

Time on my hands  
You kissin' me  
What more can any man want than  
A little time on his hands?

What more can any man want than  
A little time on his hands?

Just a little bit of time  
With a pretty little girl like you  
Just a little bit of time  
A little bit of time with nothin' to do  
But to love you

Time on my hands  
You kissin' me  
What more can any man want than  
A little time on his hands?
