

# That's the Way a Cowboy Rocks and Rolls

Charlie Rich

You can find him in a dancehall Saturday night  
Listening to the music and drinking beer  
He'll dance and hold the ladies tight  
And whisper pretty things in their ears  
But they know he's easy come, easy go  
'Cause that's the way a cowboy rocks and rolls

Cowboy ride on forever  
You know there's good times waiting on down the road  
Cowboy ride on forever  
Life is just one big old rodeo

He can hear a lonesome song and start to cry  
Sometimes his heart's too big for his own good  
But it sure ain't hard to make him want to fight, wouldn't mind  
And he won't stop until he's understood  
Driving pickup trucks and dipping Skoal  
That's the way a cowboy rocks and rolls

Cowboy ride on forever  
Don't you ever let 'em tie you down  
Cowboy ride on forever

There's horses who've never thrown you  
And women who've never known you  
There just waiting for you to come around

Cowboy ride on forever  
You know there's good times waiting on down the road  
Cowboy ride on forever
