

# Anything for Love

Charlie Simpson

She works hard but she'll never know  
How to pay rent on the minimal  
Hope don't get her a miracle, nah, nah  
But she still fights for another way  
Save those tears for another day  
Might look bad but you'll never see it in her eyes

From nine to nine she's feeling miserable  
She'll fake a smile just so he doesn't know  
That every night she makes herself beautiful

She'd do anything for love  
He knows and that's enough  
Calm is what he'll never have  
She had to be both mum and dad  
It's not a broken home  
It's all he's ever known  
He'll understand when he grows up  
Just how much his mum gave up  
Anything for love, love, love, love, love, love, lo-love  
Ah, anything for love, love, love, love, love, love, lo-love

Fingers bleed every other day  
Scars don't heal 'cause she needs the pay  
Hurts like hell but she'll never say, nah, nah  
Body aches but she'll never tell  
Never going to ask for any help  
She don't need anybody else in her life

From nine to nine she's feeling miserable  
She'll fake a smile just so he doesn't know  
That every night she makes herself beautiful, nah, nah

But she'd do anything for love  
He knows and that's enough  
Calm is what he'll never have  
She's had to be both mum and dad  
It's not a broken home  
It's all he's ever known  
He'll understand when he grows up  
Just how much his mum gave up  
Anything for love, love, love, love, love, love, lo-love  
Ah, anything for love, love, love, love, love, love, lo-love

And she'll keep on, keep on fighting 'til it all ends  
You'll keep on, keep on fighting

But she'd do anything for love  
He knows and that's enough  
Calm is what he'll never have  
She had to be both mum and dad  
It's not a broken home  
It's all he's ever known  
He'll understand when he grows up  
Just how much his mum gave up  
Anything for love, love, love, love, love, love, lo-love  
Ah, anything for love, love, love, love, love, love, lo-love
