**Ami**

Don't look in her eyes  
'Cause there's something that you can't disguise  
Don't try to catch her eye  
Don't kiss her when you say goodbye

**Ami Hmi C D**  
Don't let her stand so close to you

**Ami Hmi C D**  
She knows, she knows, she knows what to do

**AmiHmi C D**  
I know that you can't resist

**Ami Hmi C D**  
The lips you could have kissed when

**Fmaj7 Cmaj7**  
She was so close! Like the sea on your skin

**Fmaj7 C**  
You would like to get drowned, you would love to dive in

**Fmaj7 C Dsus2**  
In a body-search pose, don't you love her?

**F**  
She came out of the blue

**Fmi**  
Bright blue skies above her

**Ami Hmi C D**  
**Ami Hmi C**

**Ami Hmi C D**  
Don't ever keep in touch

**Ami Hmi C D**  
She doesn't really love you so much

**Ami Hmi C D**  
Don't think about the words she said

**Ami Hmi C D**  
She wants more than she could get

**Ami Hmi C D**  
Don't read the books she gave you

**Ami Hmi C D**  
Don't sing the songs she sang

**Ami Hmi C D**  
She's not the one to save you

**Ami Hmi C D**  
She's the sea your boat could have sunk in when

**Fmaj7 Cmaj7**  
She was so close! Like the sea on your skin

**Fmaj7 C**  
You would like to get drowned, you would love to dive in

**Fmaj7 C Dsus2**  
In a body-search pose, don't you love her?

**F**  
She came out of the blue

**Fmi**  
Bright blue sky above her
