

# Your House

Charlie Straight

**E** **A**  
I'd like to move into your world,  
**E** **A**  
I'd be your man and you my girl  
**Asmi** **A** **H**  
I hope your door is never shut.

**E** **A**  
You're in my blood, please understand,  
**E** **A**  
I fell in love, you're my best friend,  
**Asmi** **As** **C#mi**  
I can't pretend, I don't know why.  
**C#mi/C** **C#mi/H** **C#mi/B**

**A** **As**  
Don't know why, I wanna cry.

**A** **H**  
Goodbye goodbye, my tears don't lie,  
**C#mi** **E**  
can't help the feeling that you're gone.  
**A** **H** **C#mi**  
Goodbye goodbye, when you're beside me,  
**E**  
it feels so sad though I know I'm wrong.  
**A** **H** **C#mi**  
Goodbye goodbye, Goodbye goodbye.

**A** **H** **E** **A** **E** **A**  
I will love you 'till I die.

**E** **A**  
With you I'll share all time and space.  
**E** **A**  
With you I'm everything...(everything)  
**Asmi** **A** **H**  
Let's make a bed out in the rain.

**E** **A**  
You're my refrain, I see your face  
**E** **A**  
You are my sunshine in everything  
**Asmi** **A** **H**  
in everything again.

**A** **H**  
Goodbye goodbye, my tears don't lie,  
**C#mi** **E**  
can't help the feeling that you're gone.  
**A** **H** **C#mi**  
Goodbye goodbye, when you're beside me,  
**E**  
it feels so sad though I know I'm wrong.  
**A** **H** **C#mi**  
Goodbye goodbye, Goodbye goodbye.

**A**       **H**                   **E**  
I will love you 'till I die.
