

# Us Trust

Charlie Wilson

My how you doin', where you goin'?  
Baby where's your rush, can I take it?  
A little moment of your time Couldn't meet you mind, you were hurt yeah  
The tears in your eyes, to my surprise ain't got a word to say  
Then she walked away, I didn't give a name

Ah, please I was done comparin'  
Baby I need your name  
'Cause I won't be home without you dear  
Baby it's cold in here  
You just know you can complete me there  
All right with a bigger feast  
By now, by now

Us, us, us trust  
There's supposed to be us babe  
Us, us, us trust  
There's supposed to be us babe  
Us, us, us trust  
There's supposed to be us babe  
By now, by now

Now I'm all up in love, tryna find the one that I let slip away  
Remember that face, for seven age  
I know you're my second grade  
I could fly with your love, never give it up  
But I've never seen you're face  
Since she walked my way  
Still I got her name

Ah, please I was done comparin'  
Baby I need your name  
'Cause I won't be home without you dear  
Baby it's cold in here  
You just know you can complete me there  
All right with a bigger feast  
By now, by now

Us, us, us trust  
There's supposed to be us babe  
Us, us, us trust  
There's supposed to be us babe  
Us, us, us trust  
There's supposed to be us babe  
By now, by now

We been goin' like this for a long time  
And now we're hopin' that things don't change  
'Cause I got your back, and you got mine  
And I know when love will stay the same  
You can supreme and I'll tell you you're my favorite girl  
Hold me down and you'll never let me go  
And I already know, and I already know  
'Cause now I diamonds in my chain  
Cups full of champagne  
Trees in my plane and they all know my name  
Nothing like em layers, flying to the west coast

You didn't even smoke, now you're blowing on the best dough  
How many times we gotta try?  
You're feeling for best now, I'm the reason why  
Not feeling distressed I got a multitrack mind  
So we make a toast and blow the planes up high, yeah

Ah, please I was done comparin'  
Baby I need your name  
'Cause I won't be home without you dear  
Baby it's cold in here  
You just know you can complete me there  
All right with a bigger feast  
By now, by now

Us, us, us trust  
There's supposed to be us babe  
Us, us, us trust  
There's supposed to be us babe  
Us, us, us trust  
There's supposed to be us babe  
By now, by now
