Love Isn't Easy

Charlie Winston

I gave it my all
But was it enough
Letting go was no option
I wouldn't give up
Now everything's written
Out of control
The best things are hidden
You know when you know

'Cause love isn't easy
We all know the feeling
You got believe it
When love isn't easy
Easy

It got me walking all night in the pouring rain
It got me waiting for hours to see a face
It got me walking
It got me walking

All colours will change
But you'll still feel the same
Reds and yellows will fade
Slowly turn into grey
Something is missing
But there's no one to blame
The world can be lonely
All over again

'Cause love isn't easy
We all know the feeling
You got believe it
When love isn't easy
Easy

It got me walking all night in the pouring rain
It got me waiting for hours to see a face
It got me walking
It got me walking
At the end of the day
If you show me the way
We'll be walking home
When the music has played
And there's nothing to say
We'll be walking home

'Cause love isn't easy
We all know the feeling
You got believe it
When love isn't easy
Easy

At the end of the day
If you show me the way
We'll be walking home
When the music has played
And there's nothing to say

We'll be walking home

'Cause love isn't easy
We all know the feeling
You got believe it
When love isn't easy
Easy

It got me walking all night in the pouring rain
It got me waiting for hours to see a face
It got me walking
It got me walking

'Cause love isn't easy
We all know the feeling
You got believe it
Love isn't easy
Easy
