

# Beautiful Wreck

Charlotte Church

With all respect  
I have to tell you you're incorrect  
What you won't buy you wouldn't get  
Anyway  
So set your sails  
In doldrum waters  
You'll never fail  
To sell your brine to  
Everyone  
Everyone

I'll run aground on a shore  
And I'll stay there forever  
Like a beautiful wreck

On the waves  
You'll see my bottled messages  
Does the writing still exist  
Or did  
It fade away?  
Well grab your guns  
And anesthetics  
And dance along  
To the sounds of the ever changing  
Superman  
And close your heart

Stand by yourself on the shore  
And you'll hear I'm a siren  
I'm a beautiful wreck  
A beautiful wreck  
A beautiful wreck

Stand with me  
Amid immensements  
Confide in the sea  
Make no defense  
There's a trembling  
The waters part  
As we tumble in  
The wake of the surfacing leviathan

Down in the depths of the ocean  
Forever resounding  
I'm a beautiful wreck
