

# Chasing A Shadow

Charlotte Martin

The chase goes on forever  
I'm running out of time  
There's madness in the river and it has half my mind

A promise is a promise  
When did I lose my thrill  
I had you for a moment a moment and a pill

You're running scared  
I'm chasing a shadow  
When you're not there  
I'm chasing a shadow  
And I just try to find a souvenir-something to borrow  
Something to borrow  
Something that's you

There's victory in disaster  
A masterpiece of dirt  
This faith that's in my heart that  
Makes me want to hurt

You're running scared  
I'm chasing a shadow  
When you're not there  
I'm chasing a shadow  
And I just try to find a souvenir-something to borrow  
Something to borrow  
Something that's you  
You...  
You...  
You...

You're running scared  
I'm chasing a shadow  
When you're not there  
I'm chasing a shadow  
And I just try to find a souvenir  
Something to borrow  
Something to borrow
