

Galaxies

Charlotte Martin

We are wild in this afterlife
Feeding child you are inside
Galaxies growing out of me
Feeling child you are inside
There's miles and miles on the pages yeah yeah

You couldn't be anymore beautiful right now
You couldn't be anymore beautiful
You couldn't be anymore everything to me
You couldn't be anymore

Different parts i keep forgetting the countdown
Common hearts to mend (i try to bottle this moment)
My dear friends there is no end
I keep forgetting the countdown yeah yeah

You couldn't be anymore beautiful right now
You couldn't be anymore beautiful
You couldn't be anymore everything to me
You couldn't be anymore
Couldn't be anymore
Couldn't be anymore

I'd give up anything for us
All my faith is still in you
There's miles and miles on the pages yeah yeah
All my faith is still in you
I keep forgetting the countdown
I keep forgetting the countdown
I keep forgetting the countdown
