

Bad Bitch

Charlotte OC

Talk to myself
Talk myself right out of being myself
I'm too quick to give you control
Someone said, "It's just your age
You're twenty-nine and jaded, it's just a phase"
But I take everything you say home
My own worst enemy, I know

I'm insecure, it's getting old
Three negronis down, here we go

'Cause I'm a bad bitch
Don't tell me you haven't noticed
I decide what's wrong or right
'Cause I'm a true motherfucker
There ain't no other
Don't tell me how to live my life

'Cause in the end we always die
So let's not overthink it
And me, myself and I
We just keep on keeping it on
But this is all a paradox
I'm trying not to try
But I cannot
I'm setting myself up to fall
I don't know anything at all

I'm insecure, it's getting old
Three negronis down, here we go

'Cause I'm a bad bitch
Don't tell me you haven't noticed
I decide what's wrong or right
'Cause I'm a true motherfucker
There ain't no other
Don't tell me how to live my life

Oh, I'm insecure, it's getting old
Four negronis down, here we go, yeah

'Cause I'm a bad bitch
Don't tell me you haven't noticed
I decide what's wrong or right
Girl, I'm a true motherfucker
There ain't no other
Don't tell me how to live my life
