

Movement

Charlotte OC

I still watch you when you're groovin'
As if through water from the bottom of a pool
I'm movin' when you're movin'
And when you move, I'm moved

You are a call to motion
There, all of you a verb in perfect view
Like Jonah on the ocean
When you move, I'm moved

When you move
I'm put to mind of all that I wanna be
When you move
I could recall all that you are to me

So move me, baby
Shake like the bough of a willow tree
You do it naturally
Move me, baby

You are the rite of movement
Its reasonin' made lucid and cool
I know it's no improvement
When you move, I'm moved

You're less Polunin leapin'
Or Fred Astaire in sequins
Honey, you, you're Atlas in his sleepin'
And when you move, I'm moved

When you move
I can recall all that is gone from me
When you move
I'm put in awe of somethin' so flawed and free

So move me, baby
Shake like the bough from a willow tree
You do it naturally
You move me

So move me, baby
Like there's nothin' left to prove
And nothin' to lose
You move me

Ooh, ooh, ooh
Ooh, ooh, ooh
Move like grey skies
Move like a bird of paradise
Move like an odd sight that comes out at night

So move me, baby
Shake like a bough from a willow tree
You do it naturally
You moved me

So move me, baby

Like you've nothin' left to lose
Nothin' to prove
You moved me

So move me, baby
Shake like a bough from a willow tree
You do it naturally
You moved me

So move me, baby
Like there's nothin' left to lose
Nothin' to prove
You moved me
