

Stay In My Heart

Charlotte Sometimes

Not much to do, but I do anyway
There's not much to breathe, but I breathe anyway

The way that you hold me will always control me
And I don't want that feeling to fade
So keep on pretending, oh, this isn't ending
This isn't how a fairytale ends
A fairytale ends

There's not much to be, but I am anyway
There's not much to see, besides watching you walk away

Say it isn't true
You're leaving me for you
I know it's true, I know it's true

Stay in my heart
In the dark, do not leave
I want you to
Stay in my heart
Though it's hard
Do not, do not walk away

Stay in my heart

Stay in my heart
In the dark, do not, do not walk away
