

# Glitter

Charly Bliss

Hell-mouthing boy, my vacant queen  
Glitter in between my teeth  
Here we gather at your feet  
Speak himself to sunken sleep  
Can't stop shitting where you eat  
You're a joke or I'm just mean  
I can't cum and I can't lie  
I can't stop making myself cry

I'll have my cake and eat it too  
I wish I could be good to you

Am I the best? (Ah...)  
Or just the first person (to say yes)?  
The best? (Ah...)  
Or just the first person (to say yes)?  
The best? (Ah...)  
Or just the first person (to say yes)?  
The best? (Ah...)  
Or just the first person to say...?

Like a husband loves a wife  
Every day and every night  
Milk my brain and take my life  
Everything we say is right  
Little monkey up your sleeve  
Kiss each other, make a scene  
"We're all slaves to fame, I guess"  
Push me down, put on your dress

I'll have my cake and eat it too  
I wish I could be good to you

Am I the best? (Ah...)  
Or just the first person (to say yes)?  
The best? (Ah...)  
Or just the first person (to say yes)?  
The best? (Ah...)  
Or just the first person (to say yes)?  
The best? (Ah...)  
Or just the first person to say...?

Am I the best? (Ah...)  
Or just the first person (to say yes)?  
The best? (Ah...)  
Or just the first person (to say yes)?  
The best? (Ah...)  
Or just the first person (to say yes)?  
The best? (Ah...)  
Or just the first person to say...?
