Charly Bliss

Julia draws me flat  
But I don't really look like that  
Paper muscles close the door  
I watch her like it's softcore porn

We have built a life together  
I say how to make you better

Julia, a-ha  
Julia  
Julia  
Julia  
Julia

Julia is on the phone  
She never has to be alone  
She'll race me, but I can't compete  
I missed by like a thousand feet

We have built a life together  
Don't just laugh and say whatever

Julia, a-ha  
Julia  
Julia  
Julia  
Julia

And if that's what it's about  
I'll sleep on the couch  
I know that you're afraid  
They call your mom to ask if your mind's made up

Julia, Julia, Julia  
Julia  
Julia  
Julia  
Julia
