

Supermoon

Charly Bliss

My legs are uncrossed
My hands are unglued
I didn't even see the super moon
Paradise lost
A limb that's removed
I didn't even see the super moon

Hate to make you have to hate it
Want and need to instigate it
Hate to make you have to hate it
Hate to make you have

I'm pumping your blood
I'm growing your hair
I wanna stay up
I wanna be there

Hate to make you have to hate it
Want and need to instigate it
Hate to make you have to hate it
The sins of earthly men are huge
Eyes above, below, and you
I didn't even see

My legs are uncrossed
My hands are unglued
I didn't even see the super moon

Hate to make you have to hate it
Want and need to instigate it
Hate to make you have to hate it...
