

# Love Scenes

Charly McClain

When you are not around me  
There is a place I go  
The corner of my memory  
Just like the picture show

I remember the little scenes  
I remember the love scenes  
Between you and me

I gotta two-way ticket  
To a matinee  
For the midnight late night show  
Or any time of the day

I've got the love scenes  
Yeah, I remember the love scenes  
Between you and me

Just like a cozy TV movie  
A little piece of the past  
I can count on my fantasies  
But they don't let the feelings last

Until you're lying with me  
And we're all alone  
I've got the previews playing  
But only when you're gone

I'll be showing love scenes  
I remember the love scenes  
Between you and me

Yeah, I remember the love scenes  
Between you and me  
Yeah, I'll be showing the love scenes  
Between you and me  
Yeah, I'll be showing the love scenes  
Between you and me  
Yeah, I remember the love scenes
