

Stuck Right In The Middle Of Your Love

Charly McClain

Saw the fire flashin' in your eyes
Just one look took my heart by surprise
Here I am stuck right in the middle of your love

Just a touch and my heart stood still
Shook my soul took control of my will
Here I am baby stuck right in the middle of your love

Oh, I used to be a high steppin' mother
Played it loose and fancy free
Then you stepped me in my tracks
Your loving got a hold on me on me

Now I'm caught and I can't get away feels so good
Maybe I'm gonna stay where I am
Baby, stuck right in the middle of your love

Oh, I used to be a high steppin' mother
Played it loose and fancy free
Then you stepped me in my tracks
Your loving got a hold on me on me

Now I'm caught and I can't get away feels so good
Maybe I'm gonna stay where I am
Baby, stuck right in the middle of your love

Here I am baby stuck right in the middle of your love
Yeah, here I am baby stuck right in the middle of your love
