

The Right Stuff

Charly McClain

Honey, you're amazing, the way you always look so good
Darlin', you always know what to say to put me in the right mood
Whenever a little touch turns into a kiss
Baby, how can it get any better than this?

CHORUS:

BOTH: When it comes to love, ooo baby we've got the right stuff

Every beat of our hearts poundin' with the rhythm of the right stuff

M: Honey your love is heaven; C: Darlin', hold me tight

(M 1st time, C other times): We're goin' out of this world tonight

BOTH: When it comes to love, ooo baby we've got the right stuff

M: Honey, I bought you some flowers for our anniversary

C: Darlin', I remember the night when you first walked up to me

& baby we knew with just one look

That the title page would write the whole book

(chorus)

C: We've got the right stuff, baby

M: I'm your man; C: & I'm your lady

(repeat chorus & fade)
