

# What Makes Love Go 'Round and 'Round

Charly McClain

What makes love go round and round?  
First it's up and then it's down  
It's a question, there's no easy answer to  
What makes love go round and round?  
The only answer that I have  
It's people like me and like you

First, you might have it  
Then, you might lose it  
Might break your heart in two

You gotta get up  
Can't ever let up  
If someone is waiting for you

So, baby, don't worry  
It's been like this  
Since the very beginning of time

When you least expect it  
(When you least expect it)  
You'll turn around then  
The love that you're missing, you'll find

What makes love go round and round?  
First it's up and then it's down  
It's a question, there's no easy answer to  
What makes love go round and round?  
The only answer that I found  
It's people like me and like you

Take me, for example  
Yeah, I've had to handle  
A heartache, a time or two

No, it wasn't easy  
But worth it, believe me  
'Cause it led me  
Right here to you

Once, she left you cryin'  
And feelin' down  
But there's a way out  
If you'll just believe

We look for a reason  
(Look for a reason)  
And the heartache will leave you  
And this time  
You'll travel with me

What makes love go round and round?  
First it's up and then it's down  
It's a question, there's no easy answer to  
What makes love go round and round?  
The only answer that I found  
It's people like me and like you

What makes love go round and round?  
First it's up and then it's down  
It's a question, there's no easy answer to  
What makes love go round and round?
