

# Broken Hearts Broken Bones

Charm City Devils

Four, five, six, seven, eight, nine lives  
I had a chance but I wasted time  
Four, five, six, seven, eight, nine lives  
I could be dead, I could be half alive

But I'll take it  
Half naked  
Can't fake it  
Don't take it away  
Uh-huh...  
The only thing that keeps me up now  
Is the thought of the pain

Round and round we go, baby  
Take it fast, take it slow, yeah-yeah  
Where we stop, nobody knows  
Broken hearts, broken bones  
Round and round we go

Four, five, six, seven, eight, nine lives  
I could down, I could be snorting lines  
Four, five, six, seven, eight, nine lives  
Got me feelin' it's about damn time

But I'll take it  
Half naked  
I can't fake it  
Don't take it away  
Uh-huh...  
The only thing that keeps me up now  
Who will take my place?  
Ah-hah

Round and round we go, baby  
Take it fast, take it slow, yeah-yeah  
Where we stop, nobody knows  
Broken hearts, broken bones  
Round and round we go  
Oh...

Ah-ah!

Round and round, we go, baby  
Take it fast, take it slow, yeah-yeah  
Where we stop, nobody knows  
Broken hearts, broken bones  
Round and round we go
