Charm City Devils

You know it's all about the money!

Are you ready to go go go go go  
Are you ready to sign on the dotted line

Ya know it's all about the money  
It's all about the fame  
It's all about the what have you done for me lately  
Nobody really gives a fuck

Ya know it's all about the money  
It's all about the fame  
It's all about the money  
It's all about the fame  
It's all about the money  
It's all about the fame  
It's all about the what have you done for me lately  
What have you done for me lately  
What have you done for me lately  
Nobody really gives a
