One Day

Charm City Devils

I know one day you're gonna be my girl
I know one day soon you're gonna be my world

First time I laid my eyes on you
Don't even ask me, how I knew
Sooner or later, some place or time
You give the signal, I'll get the sign

I know one day (one day)
You're gonna be my girl
I know one day (one day)
You're gonna be my world

I get the feeling, the chase begins
Deep down inside me, I hoped I'd win
It's not your lipstick or the way you stand
Or the way you tell your stories
Touching my leg with the palm of your hand

I know one day (one day)
You're gonna be my girl
I know one day (one day)
You're gonna be my world

Ya know how to make an entrance
Your smile lights up the room
I got a funny feeling it's gonna happen soon

I know one day (one day)
You're gonna be my girl

Oh now why you gotta tease me
Alone in the back seat you're piqueing my fantasy

You're gonna be my girl
Yeah I know you're gonna be my world

One day (one day)
You're gonna be my girl
I know one day (one day)
You're gonna be my world

I know one day (one day)
You're gonna be my girl
One day (one day)
You're gonna be my
You're gonna be my
You're gonna be my girl
